Recommendations for Meet Directors

From Carolyn Bowers, former Region 5 RTC, Brevet Judge

Every competition can be better. How? There are a few basic things that are perhaps being viewed as unimportant but they can do wonders for efficiency and to try to have the best, most consistent scores possible.

Meet Director: (any size meet, any level)

1. Schedule coaches meeting.
Inform the meet referee of time and location for coaches meeting; if she is with judges, inform her that you will be starting. If there is a separate warm-up gym and next group coaches meeting is during competition, still have meet referee attend.
2. Introduce meet referee to coaches during coaches meeting (even if judging-acting meet referee).
3. Be sure to have equipment measurement settings for your apparatus for Rules and Policies requirements. Meet referee should have measured and double-checked your settings information. The meet referee can announce which settings meet specs. and which settings are legal for age group difference, although this is printed in the National R&P and coaches are responsible for this information.
4. Explain scoring system.
Please note: if each team has separate cards for each gymnast, it is more efficient to have the coach hand all of team's cards to judge in order. From the judges' perspective, it is often disruptive to be calculating a score and waiting to be handed a card. Often the gymnast must be acknowledged and a train of thought must be started all over again. Also the gymnast may feel ignored, and sometimes errors can be made in haste to get all information in. Is there a written line up? Does it include both number and name? Make sure the gymnasts listen for their numbers and/or names and only begin if the chief judge calls out the correct number/name. The head judge may prefer for each gymnast to check-in for the correct number and order of the gymnast. The coach should listen to the head judge's directions for the event as the gymnasts check-in or ask the head judge which method is preferred.
6. Timers should be capable adults or older capable gymnasts. Timers should be introduced to chief judges for instructions and checking of procedures before the march-in. Timers must be able to remain in place for an entire session, if not for entire meet. If the timers must be changed for ensuing session, then the new timers must again be introduced to the chief judge before march-in for procedure instructions/check. (Never should the CJ be raising her flag/hand to signal a gymnast and have a little voice say, "I start the watch when???"
Yes, there should be a separate timer for bars and beam falls.

Compulsory Timers needed

1. Balance Beam Routine
2. Balance Beam Falls
3. Uneven Bar Falls
- 4.

Optional Timers needed

- Balance Beam Routine
- Balance Beam Falls
- Uneven Bar Fall
- Floor Exercise Timer

Meet Director Symposium

The Illinois USAG Committee administers this symposium during the State Congress along with the Annual Scheduling Meeting. If these dates present a scheduling problem, special arrangements can be made by contacting the State Chair at (847) 949-USGF. The purpose of this meeting is to communicate with all the meet directors within the state on a yearly basis to go over procedures and discuss problems that arose the previous year.
